RAIL ANALYSIS SURVEY

NORTH VIETNAM

IBM listings of the Rail Analysis Survey are prepared by NPIC for distribution on a periodic basis, based upon new mission inputs into NPIC.

This listing is cumulative from 6 April 1964 and consists of three parts in the following sequence:

Date of Information . . . . . Part I
Geographic Coordinates . . . . . Part II
Rail Line Number . . . . . Part III

All columns are labeled and are self-explanatory except for the rail line numbers which are explained in a separate key and are shown on a base map of North Vietnam. Both key and map are included in each publication.
